

HG S500 TALKBACK SPEAKER

FEATURES

- The talkback option allows you to monitor your voice when you transmit.
- Built-in noise filter.

SPECIFICATIONS

- Speaker: 4 inch full-range
- Power Handling: 10 watts maximum
- Cable Length: 10 feet

CONNECTION

Plug the black cable into the external speaker jack on the back of the radio.

Plug the red cable into the PA jack on the back of the radio.

NOTE: If your radio does not have a PA jack, then you cannot use the talkback feature. The HG S500 will act as a simple extension speaker.

OPERATION

The rotary control on the back of the speaker adjusts the talkback volume.

Depress the pushbutton on the back of the speaker to enable the noise filter.
